Joan writes in many styles from Piano Solo, to String Quartet to Small Chamber Ensembles. As a composer for dance her piece “Joe's Lament, Worked Out” has been performed all over Europe and the US. Dancer, Joe Orrach, performed it in the show “Nacht Mond” directed by David Shiner in Berlin’s Winter Garden Theatre. (Video clip available on request.) She received her first Royalty Money from BMI for these performances. She was also commissioned to write a Tango for String Quartet and has written various chamber pop music, including music for piano, voice, cello and violin.

Her solo piano works draw on her classical/jazz foundation. She performed some of her more recent works in Cami Hall in New York City with the composer’s group “Eclectix”. (Sound clips available on web site.)

Owner claims the piano I played on for these tracks was originally used by John Lennon at The Record Plant. IIVII bought much of the equipment from The record Plant when they closed their doors.

IIVII stands for a John Lennon Quote-
